## Excellence

We strive for excellence in everything we do, from our training programs to our client interactions.

## Founder's Message

Hii Guys...

After successfully completion of my educational degree wish for a suitable job at different cities. But I found on thing common in all interview that every recruiter was expecting my rock of confidence in communication skill convincing capacity, problem solving attitude interpersonal skill and speaking in English as globa necessity. And also we saw that the candidate does not even understand where and to whom he should give the interview and where he will get the job and banks and companies are not getting good people working from the market, hence we took this decision. The company will also find good employees according to its demand. A Students have such a good degree, have studied so well, yet they are not capable to crack the interview due to lack of these qualities in both private as well as public sectors. People are struggling so much for a job, but they are getting rejections in interview again and again for above reasons.

Many people have their eligibility to appear in interview, but they are not well conversant and competent befittingly to crack the same due to deficiency in preparing own Resume, self introduction, outer knowledge except educational degree and relevant reply of all possible questions.

Observing and experiencing these challanges of unemployed people, we started TSH from 2019 and decided to make them perfect in all associated areas of Communication skill, personality development, interview skill and all banking possible questions which will help to

crack the all banking interviews. I believe that success follows only those who follow their hearts, at the same time, the environment may not always be compatible with nurturing our passion, Today TSH give impetus to the overall development of students, giving them a conducive, nurturing environment supported with sufficient exposure.

At TSH we ensure that our students get the best of indoor and outdoor training, encouraging them to think critically, synthesize knowledge and reflect on their thoughts. By doing this we ensure that our students excel in the education system and the real world, allowing our students to "Arise, Awake. And Ascend".

Focusing on application - oriented courses, we train our students as per the requirements of the banking industry, I take great pride in informing you that we have successfully Made a difference in the lives of 1860+ youths
